

INDIANA STATE HIGHWAY COMMISSION

STATE HOUSE ANNEX
INDIANAPOLIS, INDIANA

Proj. No. 236
Section 13
Str. No.

RIGHT OF WAY GRANT

This indenture witnesseth that the undersigned, as grantors and sole owners of land in Posey County, Indiana, more definitely described below, through, over and upon which will pass a public highway which it is proposed by the State of Indiana to improve, hereby grant, bargain and convey to the State of Indiana, for Right of Way, lands as described below and located by surveys and shown on plans on file in the office of the Indiana State Highway Commission and attached plat dated Feb. 19, 1932. The description from said plans is as follows:

Plans on State Road No. 66 - A. Project No. 236 Sec. 13 Str. No. 13
Warrant No. 297564 Plans dated J. N. H. 3/12/31

From Station to Station	Distance in feet is from center line as shown on the above designated plans to the new Right of Way line consented to	Left Side of Center Line	Right Side of Center Line
603+17 to 603+50	55 to 40 feet	To Public Road	feet
603+50 to 605+50	40 feet	To Public Road	feet
605+50 to 606+10	40 to 60 feet	To Public Road	feet
to	feet		feet
to	feet		feet
to	feet		feet

The above and foregoing grant is made in consideration of payment by the State to H. J. Ehrhardt the sum of Two hundred fifty 00/100 Dollars (\$ 250.00).

It is further understood and agreed that this conveyance transfers only the right to make, construct and maintain such highway on said lands and use any material lying within the above described limits suitable for use in constructing and maintaining said highway and does not convey any rights to any minerals or other substances underneath the surface, except as it may be used for the construction or maintenance of such improved highways. All growing timber and its products are hereby reserved to the undersigned, providing the undersigned takes it out of the way of construction.

The undersigned Grantors being duly sworn, says that he, she (is) or they (are) the sole owner(s) of the above described property, and said grantors further represent that there are no encumbrances, leases, liens or options of any kind or character on said lands as conveyed, except as shown below, and that they make this representation for the purpose of inducing the Indiana State Highway Commission to pay to them the amount herein stipulated.

 BY *D. Hoffman*

THIS INDENTURE WITNESSETH that the undersigned, as grantors and sole owners of land in Posey County, Indiana, more definitely described below, through, over and upon which will pass a public highway which it is proposed by the State of Indiana to improve, hereby grant, bargain and convey to the State of Indiana, for Right of Way, lands as described below and located by surveys and shown on plans on file in the office of the Indiana State Highway Commission.

The description from said plans dated J.P.H. 3/12/31 is as follows:

Plans on State Road No. 66, --- A. Project No. 236 Sec. B Str. No. _____

From Station to Station	Distance in feet is from center line as shown on the above designated plans to the new Right of Way line consented to	
	Left Side of Center Line	Right Side of Center Line

<u>627+25 to 629+00</u>	_____ feet	<u>To N. R/M. Present Rd #66</u> feet
<u>629+00 to 632+00</u>	<u>Recommended for acceptance</u> feet	<u>65</u> feet
<u>632+00 to 634+43</u>	<u>Recommended for acceptance</u> feet	<u>To N. R/M. Present Rd #66</u> feet
_____ to _____	_____ feet	_____ feet
_____ to _____	_____ feet	_____ feet
_____ to _____	_____ feet	_____ feet
_____ to _____	_____ feet	_____ feet

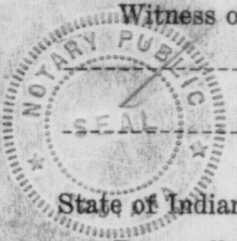

The above and foregoing grant is made in consideration of the benefits to be derived by the said land owners on account of the influence of said highway upon other lands of the grantors and to induce the location, construction and operation of such highway along, upon and near the lands of the grantors.

It is further understood and agreed that this conveyance transfers only the right to make, construct and maintain such highway on said lands and use any material lying within the above described limits suitable for use in constructing and maintaining said highway and does not convey any rights to any minerals or other substances underneath the surface except as it may be used for the construction or maintenance of such improved highways. All growing timber and its products are hereby reserved to the grantors.

It is further understood and agreed that if at any time the said lands shall be abandoned as a highway the same shall revert to the adjoining owners of said lands, at the time of such abandonment, or to such subsequent owners as may proceed to take possession thereof after such abandonment.

Said grantors further represent that there are no encumbrances, leases, liens or options of any kind or character on said lands as conveyed, except as follows:

The above and foregoing grant is made in consideration of payment by the State to

August J. Brandt + Louisa Brandt the sum

of One hundred forty nine Dollars (\$ 149.00).

It is further understood and agreed that this conveyance transfers only the right to make, construct and maintain such highway on said lands and use any material lying within the above described limits suitable for use in constructing and maintaining said highway and does not convey any rights to any minerals or other substances underneath the surface, except as it may be used for the construction or maintenance of such improved highways. All growing timber and its products are hereby reserved to the undersigned, providing the undersigned takes it out of the way of construction.

The undersigned August Brandt being duly sworn, says that he, she (is) or they (are) the sole owner(s) of the above described property, and said grantors further represent that there are no encumbrances, leases, liens or options of any kind or character on said lands as conveyed, except as shown below, and that they make this representation for the purpose of inducing the Indiana State Highway Commission to pay to them the amount herein stipulated.

Received Payment: *April 2* 1932
William Schauss

IN THE VANDERBURGH PROBATE COURT, MARCH TERM, 1932

STATE OF INDIANA :
: SS: NO.
VANDERBURGH COUNTY :

IN THE MATTER OF :
:
THE GUARDIANSHIP : ORDER
:
OF CHRISTINA SCHAUSS :

Comes now William Schauss, guardian under the appointment of this court of Christina Schauss and by verified petition herein respectfully shows to the court as follows: that his said ward is the owner in fee simple of the following described real estate:

Two (2) parcels of land lying in Section twenty-seven (27), Township five (5) South, Range twelve (12) West, Posey County, Indiana.

and that the same is of a probable value of Fifty (\$50.00) Dollars per acre.

Said guardian avers that the Indiana State Highway Commission now has as a project the construction of a State Highway from Evansville, Indiana to New Harmony, Indiana, which highway will be built of concrete and will be constructed during the summer months of the year 1932. And said guardian further avers that the Indiana State Highway Commission is desirous of purchasing a right-of-way grant to said lands, which grant may be more particularly described as follows:

All that land lying between the present right of way lines of State Road Number Sixty-six (66) and the proposed right of way lines, the proposed Northeast right of way line being described as follows: Commencing at the Northeast corner of said section; thence West along the North line of said section a distance of twenty-four hundred ninety-four (2494) feet to the point of beginning; thence along said proposed Northeast right of way line South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of three hundred ten and three tenths (310.3) feet; thence North sixty-nine (69) degrees

and forty-three (43) minutes East a distance of eighty-two (82) feet; thence South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of fifty (50) feet; thence South thirty-two (32) degrees and nine (09) minutes West a distance of sixty (60) feet; thence South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of two hundred seventy-five (275) feet; thence South thirty-two (32) degrees and nine (09) minutes West a distance of five (5) feet; thence South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of three hundred forty-seven and two tenths (347.2) feet to the point of curvature of a left curve, the radius of which is fifty-six hundred ninety-five (5695) feet; thence in an Easterly direction along said curve to the intersection with the present Northeast right of way line of said State Road; and the proposed Southwest right of way line being described as follows: commencing at the Northeast corner of said section; thence West along the North line of said section a distance of twenty-six hundred twenty-six (2626) feet to the point of beginning; thence along said proposed Southwest right of way line South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of three hundred twenty-one and seven tenths (321.7) feet; thence South thirty-two (32) degrees and nine (09) minutes West a distance of one hundred fifteen (115) feet; thence South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of twenty-five (25) feet; thence North seventy-one (71) degrees and fifty-seven (57) minutes East a distance of one hundred forty-nine and seven tenths (149.7) feet; thence South fifty-seven (57) degrees and fifty-one minutes East a distance of fifty-four and two tenths (54.2) feet; thence North thirty-two (32) degrees and nine (09) minutes East a distance of five (5) feet; thence South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of five hundred fifty (550) feet; thence South thirty-two (32) degrees and nine (09) minutes West a distance of five (5) feet; thence South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of ninety-seven and two tenths (97.2) feet to the point of curvature of a left curve, the radius of which is fifty-seven hundred sixty-five (5765) feet; thence in an Easterly direction along said curve a distance of three hundred four and five tenths (304.5) feet; thence in a Southeasterly direction to a point on the West right of way line of a North and South public road, said point being twenty-five (25) feet distant from the projection of the above described curve.

The above described two (2) parcels of land being right of way necessary for the construction of the proposed highway improvement and containing one and five hundredths (1.05) acres, more or less.

and that said guardian avers to the court that he has received from the Indiana State Highway Commission an offer for said grant of the sum of Seventy-five (\$75.00) Dollars.

Said guardian believes in the interests of said guardian-

ship that said sum should be accepted and that the giving of said grant will be in the interests of said guardianship and the construction of said highway will greatly enhance the value of the remaining real estate of saidward.

Said guardian, therefore, prays upon the facts and for the reasons above set forth that he may be, by the order of this court, authorized to execute said right of way grant as in this petition described and upon such terms and conditions as the court may deem most advisable.

And the court having examined said petition and being duly advised in the premises now approves the same and said guardian is hereby authorized by the court to execute said right of way grant as in said petition described upon the payment to him by the Indiana State Highway Commission of the sum of Seventy-five (\$75.00) Dollars. And comes now said William Schauss, guardian, and executes said right of way grant, which right of way grant is now by the court approved.

By L. Johnson

The above and foregoing grant is made in consideration of the benefits to be derived by the said land owners on account of the influence of said highway upon other lands of the grantors and to induce the location, construction and operation of such highway along, upon and near the lands of the grantors.

It is further understood and agreed that this conveyance transfers only the right to make, construct and maintain such highway on said lands and use any material lying within the above described limits suitable for use in constructing and maintaining said highway and does not convey any rights to any minerals or other substances underneath the surface except as it may be used for the construction or maintenance of such improved highways. All growing timber and its products are hereby reserved to the grantors.

It is further understood and agreed that if at any time the said lands shall be abandoned as a highway the same shall revert to the adjoining owners of said lands, at the time of such abandonment, or to such subsequent owners as may proceed to take possession thereof after such abandonment.

Said grantors further represent that there are no encumbrances, leases, liens or options of any kind or character on said lands as conveyed, except as follows:

RIGHT OF WAY GRANT

Str. No. _____

THIS INDENTURE WITNESSETH that the undersigned, as grantors and sole owners of land in Posey County, Indiana, more definitely described below, through, over and upon which will pass a public highway which it is proposed by the State of Indiana to improve, hereby grant, bargain and convey to the State of Indiana, for Right of Way, lands as described below and located by surveys and shown on plans on file in the office of the Indiana State Highway Commission.

The description from said plans dated J.P.H. 3/16/31 is as follows:

Plans on State Road No. 66 A. Project No. 236 Sec. B Str. No. _____

NOV 27 1931
Form & Receipt. Ok
By P. Ottaway

From Station to Station	Distance in feet is from center line as shown on the above designated plans to the new Right of Way line consented to

to	feet	feet
to	Recommended for acceptance	feet
to	Frank Marshall	feet
to	Right-of-way	feet
to	feet	feet
to	accepted	feet

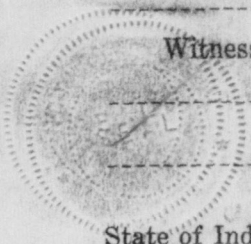

The above and foregoing grant is made in consideration of the benefits to be derived by the said land owners on account of the influence of said highway upon other lands of the grantors and to induce the location, construction and operation of such highway along, upon and near the lands of the grantors. It is further understood and agreed that this conveyance transfers only the right to make, construct and maintain such highway on said lands and use any material lying within the above described limits suitable for use in constructing and maintaining said highway and does not convey any rights to any minerals or other substances underneath the surface except as it may be used for the construction or maintenance of such improved highways. All growing timber and its products are hereby reserved to the grantors.

It is further understood and agreed that if at any time the said lands shall be abandoned as a highway the same shall revert to the adjoining owners of said lands, at the time of such abandonment, or to such subsequent owners as may proceed to take possession thereof after such abandonment.

Said grantors further represent that there are no encumbrances, leases, liens or options of any kind or character on said lands as conveyed, except as follows:

None

_____ to _____	_____ feet	_____ feet

The above and foregoing grant is made in consideration of the benefits to be derived by the said land owners on account of the influence of said highway upon other lands of the grantors and to induce the location, construction and operation of such highway along, upon and near the lands of the grantors.

It is further understood and agreed that this conveyance transfers only the right to make, construct and maintain such highway on said lands and use any material lying within the above described limits suitable for use in constructing and maintaining said highway and does not convey any rights to any minerals or other substances underneath the surface except as it may be used for the construction or maintenance of such improved highways. All growing timber and its products are hereby reserved to the grantors.

It is further understood and agreed that if at any time the said lands shall be abandoned as a highway the same shall revert to the adjoining owners of said lands, at the time of such abandonment, or to such subsequent owners as may proceed to take possession thereof after such abandonment.

Said grantors further represent that there are no encumbrances, leases, liens or options of any kind or character on said lands as conveyed, except as follows:

None

Esther B. Hinkley
Recorder Posey County

R E S O L U T I O N

WHEREAS, the carrying out of the construction and improvement by the Indiana State Highway Commission of Federal Aid Project No. 236, Sec. B, in Vanderburg County, Indiana, requires the relocation of a public highway in said County, locally known as the New Harmony - Evansville Road, which highway forms a part of a State Highway designated in the records and files of the Indiana State Highway Commission as State Road No. 66, the general width of the right of way of which State Highway is 60 feet, the general route, location and termini thereof being as follows:

Beginning at the intersection with State Road # 68 East of New Harmony and running thence in a southeasterly direction through Evansville, Newburg, Rockport, and Tell City to Derby.

AND WHEREAS, it is necessary in making said improvement to acquire a right of way as hereinafter described over the lands of _____
Edith M. Koenig, and _____ Guardian
ad litem for John Koenig. _____, and,

WHEREAS, the Indiana State Highway Commission has made an offer to said owner for the purchase of said land, but has been unable to agree with said owner upon the purchase price thereof, or upon the amount of damages sustained by said owner, by reason of the taking thereof for the purpose aforesaid, and,

WHEREAS, the failure to obtain said land for said purpose is delaying the work of said highway improvement.

BE IT RESOLVED, that condemnation proceedings be instituted by the Attorney General in the name of the State of Indiana, in the Circuit Court of Vanderburg County, Indiana, for the land hereinafter described, the same being in Vanderburg County, Indiana, and is to be used as a right of way for said highway improvement, and is necessary for such purposes, which land is specifically described as follows, to-wit:

A parcel of land lying in Section nine (9), Township six (6) South, Range eleven (11) West, Vanderburg County, Indiana, more particularly described as follows, to-wit:

All that land lying between the present Southwest right of way line of State Road Number Sixty-six (66) and the proposed Southwest right of way line, same being described as follows: Commencing at the Northwest corner of said section; thence South along the West line of said section a distance of ten hundred eighty-six (1086) feet to a tangent to the centerline of the proposed highway improvement; thence along said tangent North seventy (70) degrees and forty-eight (48) minutes West a distance of fifty and eight tenths (50.8) feet to the point of curvature of a two (2) degree right curve, the above described course being the back tangent to said curve; thence in a Southeasterly direction along said centerline and on said curve a distance of ten hundred ninety-nine and eight tenths (1099.8) feet; thence in a Southwesterly direction along a radius to said curve to the intersection with said present Southwest right of way line, said intersection being the point of beginning of the proposed Southwest right of way line; thence in a Southeasterly direction along said proposed right of way line, same being a curve concentric to the above described curve, a distance of three hundred seventy-three and five tenths (373.5) feet to the point of tangency thereof; thence continuing along said proposed right of way line South forty-one (41) degrees and twenty (20) minutes East a distance of one hundred seventy-six and five tenths (176.5) feet; thence in a Southeasterly direction to a point on the West right of way line of a North and South public road, said point being twenty (20) feet distant from the projection of the above last described course.

The above described parcel of land being right of way necessary for the construction of the proposed highway improvement and containing sixty-three hundredths of one (0.63) acre, more or less.

That said highway as proposed by the plans and specifications of the State Highway Commission will be of hard surface construction and will confer benefits upon the adjoining land of said owners described as follows:

Pt. E. $\frac{1}{2}$ - N.W. $\frac{1}{2}$ - - Sec. 9 - T. 6 S. - R. 11 W. - - 37.50 acres.

BE IT FURTHER RESOLVED, that a copy of this Resolution be referred to the Attorney General of Indiana.

R E S O L U T I O N

WHEREAS, the carrying out of the construction and improvement by the Indiana State Highway Commission of Federal Aid Project No. 236, Sec. B, in Posey County, Indiana, requires the relocation of a public highway in said County, locally known as the New Harmony - Evansville Road, which highway forms a part of a State Highway designated in the records and files of the Indiana State Highway Commission as State Road No. 66, the general width of the right of way of which State Highway is 60 feet, the general route, location and termini thereof being as follows:

Beginning at the intersection with State Road # 68 East of New Harmony and running thence in a Southeasterly direction through Evansville, Newburg, Rockport, and Tell City to Derby.

AND WHEREAS, it is necessary in making said improvement to acquire a right of way as hereinafter described over the lands of _____

William Schauss and Christina Schauss,
William Schauss Guardian for Christina Schauss, _____, and,

WHEREAS, the Indiana State Highway Commission has made an offer to said owner for the purchase of said land, but has been unable to agree with said owner upon the purchase price thereof, or upon the amount of damages sustained by said owner, by reason of the taking thereof for the purpose aforesaid, and,

WHEREAS, the failure to obtain said land for said purpose is delaying the work of said highway improvement.

BE IT RESOLVED, that condemnation proceedings be instituted by the Attorney General in the name of the State of Indiana, in the Circuit Court of Posey County, Indiana, for the land hereinafter described, the same being in Posey County, Indiana, and is to be used as a right of way for said highway improvement, and is necessary for such purposes, which land is specifically described as follows, to-wit:

Two (2) parcels of land lying in Section twenty-seven (27), Township five (5) South, Range twelve (12) West, Posey County, Indiana, more particularly described as follows, to-wit:

All that land lying between the present right of way lines of State Road Number Sixty-six (66) and the proposed right of way lines, the proposed Northeast right of way line being described as follows: Commencing at the Northeast corner of said section; thence West along the North line of said section a distance of twenty-four hundred ninety-four (2494) feet to the point of beginning; thence along said proposed Northeast right of way line South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of three hundred ten and three tenths (310.3) feet; thence North sixty-nine (69) degrees and forty-three (43) minutes East a distance of eighty-two (82) feet; thence South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of fifty (50) feet; thence South thirty-two (32) degrees and nine (09) minutes West a distance of sixty (60) feet; thence South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of two hundred seventy-five (275) feet; thence South thirty-two (32) degrees and nine (09) minutes West a distance of five (5) feet; thence South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of three hundred forty-seven and two tenths (347.2) feet to the point of curvature of a left curve, the radius of which is fifty-six hundred ninety-five (5695) feet; thence in an Easterly direction along said curve to the intersection with the present Northeast right of way line of said State Road; and the proposed Southwest right of way line being described as follows: Commencing at the Northeast corner of said section; thence West along the North line of said section a distance of twenty-six hundred twenty-six (2626) feet to the point of beginning; thence along said proposed Southwest right of way line South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of three hundred twenty-one and seven tenths (321.7) feet; thence South thirty-two (32) degrees and nine (09) minutes West a distance of one hundred fifteen (115) feet; thence South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of twenty-five (25) feet; thence North seventy-one (71) degrees and fifty-seven (57) minutes East a distance of one hundred forty-nine and seven tenths (149.7) feet; thence South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of fifty-four and two tenths (54.2) feet; thence North thirty-two (32) degrees and nine (09) minutes East a distance of five (5) feet; thence South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of five hundred fifty (550) feet; thence South thirty-two (32) degrees and nine (09) minutes West a distance of five (5) feet; thence South fifty-seven (57) degrees and fifty-one (51) minutes East a distance of ninety-seven and two tenths (97.2) feet to the point of curvature of a left curve, the radius of which is fifty-seven hundred sixty-five (5765) feet; thence in an Easterly direction along said curve a distance of three hundred four and five tenths (304.5) feet; thence in a Southeasterly direction to a point on the West right

of way line of a North and South public road, said point being twenty-five (25) feet distance from the projection of the above described curve.

The above described two (2) parcels of land being right of way necessary for the construction of the proposed highway improvement and containing one and five hundredths (1.05) acres, more or less.

That said highway as proposed by the plans and specifications of the State Highway Commission will be of hard surface construction and will confer benefits upon the adjoining land of said owners described as follows:

W. $\frac{1}{2}$ N. E. $\frac{1}{4}$ - - - Sec. 27 - T. 6 S - R. 12 W. - - - - - - - - - -80.00 acres.

BE IT FURTHER RESOLVED, that a copy of this Resolution be referred to the Attorney General of Indiana.
